## **Kostelnik to discuss 'SLEP' summit results on NASA TV**

**M**ichael Kostelnik, NASA deputy associate administrator for International Space Station and Space Shuttle Programs, will discuss the results of a two-day Space Shuttle Service Life Extension Program summit beginning at 8 a.m. CST Wednesday on NASA TV. About 400 representatives from government, the aerospace industry and academia have been meeting to prioritize investments in the Space Shuttle fleet. Copies of key presentations from the SLEP summit will be online Thursday at <http://www.nasa.gov/news/highlights/returntoflight.html>.

**Alabama A&M University Fourth Annual Black-Tie Scholarship Ball, 7 p.m. April 1, Von Braun Center. Tickets \$50. For details: Madeline Hereford, 544-7420**

**Black History Month program  
10-11 a.m. Feb. 26,  
Morris Auditorium**

## **Air-based imaging system tests at Redstone Wednesday**

**A** test of a potential air-based imaging system for return to flight image enhancements will be Wednesday at Redstone Arsenal. The test will involve a U.S. Army Huey helicopter equipped with a gimbal-mounted imaging system targeting a NASA T-38 jet aircraft. The T-38 will be flying over the west end of the Arsenal at high speed while the helicopter hovers over the Marshall Center.
